## Truckee Republican

74th Year, No. 22

Truckee, Nevada County, California, Thursday, July 9, 1942

Since 1863

### Bob Caves Rites Held by Lodge, Union on Sunday

#### Popular Dam Guard Is Stricken While On Job Friday Morning.

Last rites were held Sunday afternoon at Odd Fellows hall for Vincent O. (Bob) Caves, 51, who died July 3 in Reno where he was rushed following a stroke while engaged in his work as guard at Boca Dam. Officers of the Truckee Aerie 1124, Fraternal Order of Eagles and of Laborers' Local No. 1324, A. F. of L. conducted the rites and interment was in the local cemetery under the direction of the W. H. Laity Funeral Home.

Pall bearers were Frank Holt, Joe Kelly and Wilmer Tong for the Eagles; Sam Goss, Bob Harkness and Fred Rockholm for the union.

Caves had been in ill for several years but was apparently as well as usual when he was stricken suddenly about 4 a.m. Friday. He died at noon that day.

The deceased had resided here for five years and little was known of his past history, but it was believed his home was in Michigan. He had represented the labor union for two years.

Efforts were being made to locate relatives. Caves was a quiet, unassuming man and had made many friends in this district.

### 56 Per Cent of Taxes Go to Gen'l County Purposes

Of the \$485,614 in property taxes levied in Nevada county for the year which closed on June 30, a total of 74 per cent was for general city taxes, 56.2 per cent for county purposes, 35.2 per cent for school districts and 1.2 per cent for special districts, an analysis of property tax levies in California counties, made public today by California Taxpayers' association, shows.

A total of \$36,102 was levied for general city purposes in the county \$272,632 was levied for county purposes, \$170,975 was levied in school taxes including school bonds and \$5,905 was levied in special district taxes.

### July Ration Quota For Township is Announced

The Meadow Lake War Price and Rationing Board has received its quota of tires for the month of July. One new passenger tire and three tubes are allowed with six retreads for passenger tires. Four new tires four tubes and five retreads are permitted for trucks. While applications far exceed the quota, board members are instructed to issue only according to priority preference.

### Highway Patrol Performs Errand of Mercy in Week

Work of the state highway patrol not always is confined to dishing out tickets. When little Virginia Miller, aged three, was stricken ill at Dickenson's on Lake Tahoe last Thursday, officers placed the child in an oxygen tent and rushed her to the state line where they were met by Nevada deputies who took the girl to a Reno hospital immediately. She was accompanied on the trip by her nurse, D. M. Collier.

#### At Birthday Celebration—

Mr. and Mrs. Roy Feathers have returned from Oakland where they spent the week end and Monday. While in the bay city they assisted in the observance of the 82nd birthday of the former's brother, Charles R. Feathers. About 25 members of the Feathers clan participated in the event.

#### Week-End Guests—

Mr. and Mrs. Earl Martin and twin daughters of Carson City and Mr. and Mrs. A. Fippin and children of Grass Valley were week-end guests of Mrs. J. C. Titus and Mr. and Mrs. W. M. Englehart, Sr.

### FREE TAXI SERVICE FOR MATHER MEN

#### Lions Committee In Charge of Project

Truckee has been called upon to render a valuable service to the men under arms and the response to the call has been met with enthusiasm and a willingness which again proves the desire of local folks to do more than their share in the war effort.

Transportation facilities from Truckee and Hobart Mills for recreation purposes have been withdrawn, according to Captain Maurice R. Coulson, special service officer at Mather Field, and unless some arrangements for transporting the soldiers to and from the trains here once each week

could be made the camp would necessarily be closed.

Captain Coulson presented his problem to officers of the Truckee Lions Club yesterday and last night the club unanimously voted to sponsor the project and H. T. Langille, F. W. Gaiennie and Walter M. Barrett were named on a committee to arrange for cars and trucks to transport the soldiers to and from the Hobart Mills rest camp.

The Southern Pacific is cooperating by offering the Mather fliers a \$3 round trip ticket.

All local residents are asked to list their cars and trucks with Langille so the mission may be accomplished without undue hardship upon a small group. Already more than a score of vehicles have been chartered for the task of providing the soldiers with transportation and no one has refused. It was pointed out by Captain Coulson that many of the boys who will take advantage of the rest camp are leaving soon for foreign service or are just returning and this ideal vacation spot provides them with a much needed relaxation period.

The Lions Club in sponsoring the project is undertaking one of the most important projects which has been presented and those sharing in the program are rendering an invaluable service to the men in uniform.

Jack Tomas and George Slawson of Sacramento and Bert Daniels of Arcadia were visitors at the Lions meeting last night and President Elden Tonini was in charge.

### Friends Learn of Death Of Mrs. Johnson in East

Earl E. Johnson and son, Leo, returned this week from Fremont, Nebraska, where, on June 16, Mrs. Johnson, a well-known resident of Truckee since 1938, succumbed to a long illness.

The family had gone east in an effort to benefit Mrs. Johnson's health but she died shortly after arriving there. Mrs. Johnson, who was 30, leaves her husband, who is employed by the state highway here, a son, Leo, who is with his father and a daughter, Darlene, 3, who remained with relatives in the east.

The sympathy of the community is extended to the family.

### Press Dispatch Tells Of Sugar 'Bonus' In Month

Although no official word has been received by the Meadow Lake Board, a press dispatch from Washington, D. C., proclaims that a sugar "bonus" of two pounds for each ration card holder, purchasable between July 10 and August 22, was announced by the Office of Price Administration.

In addition, the release said, institutional users will get 75 per cent of their normal sugar consumption for September and October instead of the present 50 per cent and industrial users will get 80 per cent instead of the present 70 per cent.

Householders may obtain the dividend allotment by presenting ration stamp No. 7 to the grocer any time in the six-week period. The bonus is in addition to the regular two-pound monthly allotments obtainable with card No. 5 and card No. 6.

Administrator Leon Henderson, in announcing the decision, said it represented a "conservative gamble" on the likelihood of sugar supplies continuing to arrive in their present volume.

### Laborers Sought on Road Work In Sierra Region

The shortage of labor is being felt in the division of highways, one of the most important projects in civilian defense. Eight laborers are needed in the Truckee area immediately at a \$100 monthly salary. Applicants may apply at the office of the highway department near the Trout Creek bridge.

### Lloyd Greene Is Rotary President After Installation

#### G. E. Hofmann Replaces New Prexy At Secretary Position at Session.

Lloyd A. Green was installed as president of the Truckee-Tahoe Rotary Club at the meeting held Monday. G. E. Hofmann was installed as secretary to replace Greene, who had held that office since the club's inception.

Following the meeting and installation with Past President V. E. Pearson acting as installing officer, a program was presented with Pearson as program chairman. More than 60 members and guests attended with Miss Eva Alwyn offering three large-ly applauded dances. Miss Eva Howey accompanied her and also was heard in a piano solo. Miss Alwyn urged cooperation in sponsoring the local USO drive.

Visiting Rotarians were Bert E. Byron of Oakland, Robert C. Hall of Marysville and W. B. Donnor, worth of Grass Valley.

Theodore Schleuter presided at the interesting and entertaining session.

### Mrs. Kamp Installed As Head of Local Rebekahs

The following members were installed into office at the installation held by Naomi Rebekah Lodge No. 2 on Wednesday evening:

Veronica Foster, past noble grand; Winifred Kamp, noble grand; Katharine Mulcahy, vice grand; Elva Anderson, warden; Violet Garner, conductor; Eliza Campbell, chaplain; Lotta Bryant, musician; Laura Smith, right supporter of noble grand; Jennie Moore, l.s.n.g.; Clara Ocker, inside guardian.

Laura Smith, district deputy president, installed the officers. Lucille Bick, deputy marshal, and the following past noble grands assisted: Gertrude Smith, Leona Cartwright, Tillie Smith and Clara Ocker. Lotta Bryant was appointed press correspondent.

Laura Jessee was presented with a gift from the lodge, the occasion being her birthday.

Leona Cartwright of Lincoln presented gifts to all the officers, after which delicious refreshments were served.

### Plans for Advanced Red Cross First Aid Course

Capt. Roy Waters of the Truckee Volunteer Fire Department announces that he plans to conduct a class in advanced first aid. The class will take ten hours and will follow the Red Cross course of study. Waters, a qualified instructor, says that a meeting of holders of Standard Red Cross first aid cards are invited to attend a meeting to be held in the fire house at 8 p.m. next Thursday evening.

### Labor Union to Hold Party At Cal-Vada

Sam Goss, chairman of the committee in charge of arranging the annual carpenters' dinner dance at Cal-Vada Saturday, June 11, reports that this year's program promises to outdo past events. The affair is sponsored by Local No. 2035 of the A.F. of L. and Lee Garner and Gilbert Ballard are assisting Goss on the committee.

Dick McIntire and his harmony Hawaiians will provide music for dancing and three floor shows will be presented during the evening. Special entertainment and a good dinner will be arranged and everyone is urged to make reservations either Goss or at Cal-Vada Lodge.

#### Up from South—

Paul Losey, who is employed in one of the southern airplane factories spent the holiday weekend with local friends here. He expects to go into the army soon as he has been given a 1-A classification.

### Court Adjourns

JUSTICE RAGLAN TUTTLE

### ..Sun.. Beams

by WALTER M. BARRETT

We wonder sometimes, as we see cars go speeding by, 50, 60 and 70 miles an hour, if the drivers are not harboring the thought something like this: "Oh, well, when these tires are gone I'll get some more; I always have. Something will show up in time." We sincerely hope they are right, but we fear they are not and we wonder what the reaction is going to be when more and more cars are forced to leave the highways and tires become harder and harder to get. Many examples have already been seen. Cars left parked along the highway while owners attempt to borrow tires to get them to storage stalls, others rolling along on the shoulder of the road on rims, heading for a long rest at home. The situation is serious and will get worse, much worse, we are afraid before it gets better. We can only urge, then, that more care be exercised in the use of tires. Slower driving is a proven benefit. The slower you go the longer tires will last and a new ruling prevents the allocating of even priority tires in event the owner goes faster than the recommended speed limit of 40 miles per hour, expect in very rare emergencies.

Speaking of tires, are you sure you have turned in to your service station every ounce of rubber you can, possibly get along without? The deadline for this important drive ends tomorrow and national decisions will be reached as a result of the amount of rubber obtained. It is something that each and every individual can do to assist in one of our nation's most serious crisis and unless we assume the responsibility as individuals we cannot accomplish the desired result. It is not a job you can get someone to do for you or in which you can pass the buck. Dig up some more rubber today.

The Truckee-Tahoe-Donner area experienced an unusually busy holiday weekend with roads well filled with cars for three solid days and nights. Not a single accident was reported by the Truckee squad of the state highway patrol and comparatively few arrests were made. A fire record for both motorists and officers and one which we hope stands unbroken. Patrolmen worked night and day in keeping traffic running smoothly and while many warnings were forthcoming, less than 50 tickets were issued.

### Driver Suffers Burns In Truck Mishap in Week

E. Wayne Herrick, 40, Sacramento, suffered first and second degree burns on his right hand yesterday afternoon when the huge Lang truck which he was driving caught fire 11 miles north of Truckee on the Sierraville road and was very badly damaged.

Herrick said a backfire from the motor apparently caused the fire. He attempted to extinguish it and in reaching for the extinguisher, burned his hand. He was treated by Dr. J. H. Bernard.

Quick action on the part of Protective Assistant Nelson Stone with the forest service truck from Truckee kept the flames from spreading. The fire was cooled with water from the pumper truck and the trailer was unhooked and dragged from the fire with the fire truck, the safety chain being used to tow the trailer. The trailer was not damaged.

### Judge Tuttle Dies After Distinguished Career On Bench

#### Former Nevada County Judge Called While On Appellate Bench.

Funeral services were held at 2:30 p.m. Wednesday in East Lawn cemetery for Raglan Tuttle, 60, associate justice of the third district court of appeals and former superior court judge of Nevada County, who died Monday at his Sacramento home.

Rev. Noel Porter, bishop of the Sacramento Episcopal diocese, officiated and cremation was in East Lawn.

Judge Tuttle had served on the appellate court since his appointment by Governor Frank Merriam December 29, 1938. Prior to that time he was on the superior bench in Nevada County and was widely and favorably known throughout this region.

In 1907 Justice Tuttle received his bachelor of laws degree from the University of California and the Hastings College of Law. He was admitted to state bar in 1906, a year before he received his LL.B. degree.

Following his schooling he became associated with the San Francisco law firm of Alexander D. Keyes, widely known early day district attorney. He then returned to Auburn, his native city, and joined the firm of his father and the office took the name Tuttle & Tuttle.

In 1926 Justice Tuttle was appointed to the superior court in Nevada county by Governor Friend W. Richardson, succeeding George L. Jones, who had resigned. He continued to serve on the superior court bench until his appointment to the appellate court.

While in Nevada county Justice Tuttle helped organize and was the first president of the California State Superior Judges Association. He was presiding judge both in this county and in others localities in several outstanding cases and his judicial qualities were shown by the unusually small number of his cases that were reversed by higher courts.

The survivors are his wife, Mrs. Claire Tuttle; three sons, Pierson and Franklin of Sacramento and Richard of the army air forces; four sisters, Mrs. Frank Fitch of San Francisco, Mrs. Raymond Whitby, Mrs. Sayre Snook and Mrs. Clinton Munson of Berkeley, and two brothers, Charles A. and Frederick P. Tuttle of Auburn.

### Service Stations Closed This P.M. to Hunt Rubber

All major oil company service stations in Truckee will be closed this afternoon between noon and 6 p.m. while the operators and attendants make a final effort to salvage the last scraps of rubber in the drive which ends tomorrow.

H. T. Langille of the Rotary Oil and Burner Co. reported yesterday that there is no doubt the 50-ton mark will be reached by tonight, the total last night being over 48 tons for the district.

Everyone is being urged to dig a bit deeper and turn in every ounce possible.

### 3 First Aid Stations Are Planned In Lake Region

TAHOE CITY, July 9—Chairmen of civilian defense committees met on Tuesday night just before the regular meeting of the Tahoe Rangers.

Mrs. Marie F. Henry, Red Cross chairman, said there will be three first aid stations at Tahoe. One will be in Tahoe City at the community center; another in Homewood under Mrs. Otis Hursey, and the third at Kings Beach in Mrs. Alice Sorenson's home. Definite plans will not be forthcoming for several days yet when committees have an opportunity to perfect arrangements.

### Candidates for County Jobs Visit East End

Mr. and Mrs. Joe Henwood were up from Grass Valley two days this week. Henwood is candidate for tax collector and treasurer of this county. Ward Sheldon, candidate for district attorney, spent Wednesday in Truckee greeting friends. Also here this week was John A. "Jack" Fontz of Grass Valley, candidate for county assessor. He was accompanied by William Sproul.

#### Visits Son—

Mrs. Fred Doley of Santa Cruz visited here with her son, N. F. Doley, and family.

**MY PLACE  
IN THE SUN**

by DOUG BARKETT

Every week some well (or evil) meaning friend spots an error in the type of the Sierra Sun and joyously calls my attention to it in as public a place as possible. Perhaps this comes from a desire to help. I don't know. We judiciously try to avoid errors but alas, come Thursday and time to review and, lo, like a beam of light in a field of black, there they are. Malignant little imps of H-1 that seem all wrong and a yard wide. Sometimes an unknown witticism or humorous "bull" catches the eyes and tickles the fancy. Being vain, I won't cite any of our own but a few gleaned from here and there that have received circulation I reprint here to the immortality of the careless proof-reader. Frinstance: "Wanted—Position in a cabaret; no bad habits; willing to learn." "West Jefferson's population can be doubled if you do your part." "Large room for man and wife or stenographer." ad infinitum.

There was an editorial in last week's Nevada City Nugget that sort of jarred me for a minute for the second paragraph, in black type, declared: "All me of Truckee have been shot. The women have been deported to a concentration camp and the children sent to appropriate centers of education. All buildings of the village were leveled to the ground and the name of the village was immediately abolished." The paragraph was merely an editorial touch to bring the Massacre of Lidice closer to home. The item, with the exception of the name of the town, exactly followed an official Nazi statement. But just because it isn't true this time, doesn't mean it can't happen here. The people of Lidice, Czechoslovakia, lived with the hope of peace and freedom the free and friendly life of a town of 700. Today the only thing that remains of Lidice is a burning memory of every freedom loving person in the world. "So when you read or hear the name Lidice," concludes Editor Leete, "imagine what it would mean if Truckee were crushed to the earth, its name scratched from all records, the bodies of all its men dumped into a common grave, their widows imprisoned, and the doubly-orphaned children in the hands of vengeful and merciless foreigners." Think that over, friends, and then ask what we're fighting for if you dare.

**STREET SEENS:** Johnny Saibini and Yvonne "Just Call Me Honey" Garrison bar-flying at Loynd's fountain....Tory Pace back on the job after his marrow scrape at the Truckee-Tahoe lumber yard....Art Leitch looking like a page in Esquire....pet peeve of mine is the guy that spits all over our very best sidewalk....Inspector Harvey Blackwell of the CHP congratulating Sgt. Reynolds and the boys for an A1 traffic control job over the fourth....Ethel J. Vernon and Mrs. G. B. Fuessel good neighbors from Tahoe....Rev. G. J. E. Keetch, Truckee's working parson in his shirt sleeves along with a lot more of us saints and sinners on Independence Day.

Tempus is fugiting and the final day for eligible voters to register will be upon us next Thursday. It is a vital duty of every qualified American to cast a ballot and to do so you must be registered.

**EDITORIAL**

**BUDGETS**

It's local budget time! And in a year that finds America engaged in the most gigantic and costly war of all time, it's on the local home front the shears of wise and rigorous economy must be practiced if citizens are to fill their obligations to the war program.

The public cannot meet the costs of staggering war taxes, invest in war bonds, set aside savings for the future, make contributions to service organizations if, at the same time non-essential spending proceeds raiding family budgets.

Citizens are meeting rationing with ready good will. They are doing with less sugar, less gasoline, less driving. They are foregoing many needed purchases and a host of services they once took for granted. They ask, in all fairness, that there be rationing of non-necessary government services as well, knowing that a nation fighting for its very life can neither afford nor condone peace-time frills and luxuries.

Secretary Morgenthau's words apply with equal justice to taxmaker and private individual, "The patriotic conscience should extend to every American pocketbook. Every time you are about to spend your money, that conscience should ask, 'Can't you do without it?'" Wise householders are heeding the Treasury's advice to "build up a nest egg for their families in the future." They are investing in war stamps and bonds, liquidating old debts, establishing and building up savings accounts to meet next year's taxes and provide for post-war security. They are rationing their income for victory.

July being local budget time, it's up to them to see that their victory budgets aren't jeopardized by free-spending public budgets.

Speaking of a billion dollars, do you know that if you had borrowed that amount in the year of B. C. 799, and had paid back one thousand dollars every day since, and hadn't paid any interest in all the time, you would not have paid off that indebtedness until January 1, 1941? Doesn't that make you sadder?

The full story has yet to be told, but even as far as it goes, the roundup of eight saboteurs who reached this country via Nazi subs, is an eloquent monument to our ever-watchful F. B. I. Rounded up in various parts of the country, the men will stand trial before a commission from the Army, and the death penalty will be asked. Thus will end one brazen try of the enemy to establish a spy and espionage ring in our midst.

# Quiet But Crowded Fourth Enjoyed At Lake Tahoe During Past Week End

TAHOE CITY, July 9—Tahoe region enjoyed a quiet Fourth this year, almost without incident, no fireworks were in evidence with the exception of a few big cannon crackers set off for good luck by an unknown celebrant along the lakeshore just at nightfall. Usually the sky is a joy to behold after dark on the Fourth, with the various families vying for the most grandiose display of skyrockets, Roman candles, pin wheels and all the rest, the heavens fairly scintillating with the myriad bursts of color. But this year even Tahoe realizes that a war is on, and

abiding by rulings, forwent this customary display.

All along the shoreline of the lake, cars were parked in large numbers with vacationists sunbathing, swimming and wading and even fishing at some points. Never has the Tahoe region offered a more beautiful display of wild flowers that this year the customary frosts which sometimes blast their beauty, having spared this area. The entire hillside is ablaze with buck brush and snow bush, yellow wyethia and purple lupin, blue forget-me-nots and red paint brush, the whole mass exuding a perfume of cloying sweetness. Weather for the most part is ideal for the vacationist, with an occasional breeze to cool the atmosphere. Many summer homes were opened up for the week-end, some families staying on for several weeks.

Among those in Timberland Tract in the Sunnyside district, to enjoy the holiday here were Mr. and Mrs. Emil Kraft, District Attorney and Mrs. C. C. McDonald and Rev. and Mrs. Herndon C. Ray, all of Woodland.

Visitors from Reno at the Charles Swanson home were Mr. and Mrs. William Steenis, who spent the week-end here. Other dinner guests on July 4th were Privates Carl Brooks and Louis Torelli, the latter from Pittsburg, Pa., who are learning the art of airplane mechanics for Uncle Sam at Mather Field in Sacramento and Mr. and Mrs. Eric Druhn of Tahoe. The group enjoyed an outing at Meeks Bay during the afternoon.

Also at Meeks Bay for the afternoon were Mr. and Mrs. Glen Sweeney of Tahoe City, their house guests over the Fourth, Mr. and Mrs. John Clark and three children, John, Donald and Carroll of Modesto, and Miss Ruth Moore and her fiancé, Dallas Brown, also visitors at the Sweeney home on the Fourth.

## FIRE CREW BATTLES BLAZE ON BROCKWAY CUT OFF ON RECENT HOLIDAY

TAHOE PARK, July 9—The seventh "smoker" fire of the summer was reported to Warden T. M. Arntzen of Tahoe Park on the afternoon of the 4th of July in the area of the Brockway cut-off. The fire starting along a riding trail. It took the concerted efforts of Arntzen and his four men and Lyle Smith of the Brockway fire station to extinguish the blaze which burned over an area between a quarter and a half an acre. Most of the damage was confined to brush and fallen timber.

Horseback riders and others are urged again to see that matches and cigarettes are fully extinguished before discarding, to lessen the danger of a serious fire hazard during the dry season ahead.

The new fire truck, manned by Smith, made the first attack on the fire, holding it to a comparatively small area, proving once more the real worth of speedy local fire protection.

## Mrs. Vernon Victim of Freak Accident in Reno

TAHOE CITY, July 9—Most citizens returning home with a black eye come forth with the old alibi about "running into a door" or "forgetting to duck" but not Mrs. Ethel Vernon! For several days now she has been the target for some good-natured kidding regarding her two black eyes, acquired last week while in Reno of business. Her experience is certainly most unique, and, she assures us, most painful. When about to step off the pavement on to the street, her ankle turned, throwing her violently against a parked car and striking her head and arm. For some time she could not see out of one eye, the other turning black out of sheer sympathy after her return home. Her accident added another business call to her list, that of seeing a doctor. For several days she was confined to her bed, her condition reported at this writing as much improved.

## Kin of Kings Beach Family Is Casualty at Coral Sea

TAHOE CITY, July 9—Darryl Brooks, 19, cousin of Carl Brooks Kings Beach resident now employed at Mather Field, has been reported killed in action in the Coral Sea battle. He was a frequent visitor here and for several years was a resident of the Kings Beach area.

Three Brooks still carry on for Uncle Sam, they are Carl, Beverly 20, and an uncle, Sgt. Harry E., with the Marine Corps at San Diego.

Carl and his friend, Louis Torelli enjoyed their first leave in four months when they were granted seven days vacation in the Hobart Mills rest camp last Friday. They have been visiting at the Bud Mandeville home in Kings Beach, reporting back to camp once each day.

## Tahoe Socialites

Miss Sylvia Shuman of Burbank is a houseguest of the Al Stoddard family in town.

Mr. and Mrs. Robert Wallace and two daughters, Georgia and Jerry, returned on Sunday from a two week vacation trip which took them to Idaho to visit with relatives and as far east as Salt Lake City.

Mr. and Mrs. Louis Gerkin of Sacramento arrived at Tahoe on Monday to enjoy several days vacation at the home of Mrs. Gerkin's parents, the Henry Solls of Pine Lodge.

Mrs. John Reedy of Timberland Tract returned to Tahoe on Wednesday after spending several days in San Francisco on business.

Mr. and Mrs. Adolph R. Westphal and two daughters of San Francisco are spending the month of July in the Mosher cottage near Tahoma. Mrs. Laura Westphal, his mother and former owner of lovely "Westlake", renamed "Unaliyi" by the Ralph Walkers, remains at home in San Francisco under the constant eye of nurses. The elderly lady recently fractured her hip and will be confined to her bed for some weeks.

Mrs. Art Sather and daughters, Nancy and Mabel, enjoyed a three weeks stay at their summer home near Homewood Hotel recently, Sather motoring up from Auburn on Wednesday to take them home.

Mr. and Mrs. Hank Slade of Vallejo spent a week-end at their summer cottage recently in the Tahoe Cedars tract.

Mrs. Aileen Wilson, former postmaster at Pomin's Resort is now employed in the household of Mr. and Mrs. Richard Kirman of Reno and Tahoe.

One of Tahoe's few remaining bachelors last fall joined the ranks of the benedicts when he married Mildred Sutley of Richmond, Calif. He was Harold Ambrosch, who for many years has been coming to the lake for visits and vacations. For some years past he has been manager during the summer seasons of the grocery and curio shop at Tahoma and is well known in this area. His movies of the lake region in winter, spring, summer and fall are most unusual and beautiful.

## James Wilson Reports On Back Country Conditions

TAHOE CITY, July 9—Fishing news continues favorable in the Lake Tahoe area, although several of the smaller streams prove disappointing.

James Wilson of Tahoe Cedars recently made his customary hike back into the mountain area of Tahoe's western shore, visiting a number of lakes which dot the country. In the vicinity of the Velmas, five miles west of Emerald Bay he found great fields of deep snow still showing no signs of melting, and the lakes floating huge icebergs. On lofty Dick's Peak only one ridge of rock is showing the rest still cloaked in snow. Unusual indeed it was to see, around July 1, no wild flowers of the region blooming and the willows, aspen, birch, shrubs and brush without a single new bud or leaf of any description mute testimony of the late coming of summer to the Tahoe back country. Wilson caught his limit of trout and returned home, with advice to fishermen planning to stay any length of time in the mountain country to take along warm clothing.

## TAHOE WOMEN'S CLUB HEAD APPOINTS DIRECTORS AT WEEKLY MEETING THURSDAY

TAHOE CITY, July 9—The Tahoe Women's Club members met at the local community hall on Thursday, their new president, Mrs. N. R. Mayfield presiding. New directors of the club for the current year appointed by Mrs. Mayfield are Mrs. A. M. Anderson, Mrs. Florence Kilner and Mrs. Pearl Heller of Meeks Bay. All outstanding bills were ordered paid and the club members voted to invest in war bonds. Now in the club's bank account is a total of \$514.73 of which amount it was decided to spend \$300. The bonds will be purchased at once at the Tahoe City post office. It was also decided to give war stamps as bridge awards at card parties instead of other favors.

A dessert bridge will be given by the Tahoe club women on the afternoon of July 23 at 1:30 sharp in the local community hall, the general public being cordially invited to attend. Awards will be given winners and refreshments served.

It was decided to place on the wall of the hall a receptacle into which donations may be placed to assist in the expense of cleaning the hall used by other Tahoe organizations such as the Tahoe Rangers, Ski Club, Gun Club, Red Cross and other groups. Any amount donated will be gratefully received. Mrs. Stella Watson is now official custodian of the hall and hostess for the women's club for the year.

A directors' meeting was held at the conclusion of the regular business meeting to determine policies of the club by the directors for the new year, Mrs. Mayfield presiding.

## TAHOE RED CROSS

TAHOE CITY, July 9—Members of the Tahoe branch of the American Red Cross met at Tahoe Community Center on Tuesday afternoon to sew on the women's blouses received in the last quota. The beautiful hand-made quilt donated by Mrs. Jess Sisk to be sold for the benefit of the organization was on display and brought much admiration.

Among those present were Mesdames A. A. Snyder, sewing chairman; E. C. Rogers, C. E. Prentiss, Lloyd Yeakel, R. K. Ham, Olive H. Johnson, W. W. Crane, F. A. Kilner, Maude Elliott, A. M. Anderson and Miss Mabel Morrison.

Mrs. A. B. Johnson of Tahoe Park was the first lady to complete her Navy sweater, returning it in record time.

W. J. Paquet, Meeks Bay barber shop manager, suffered serious injuries to his right hand when it was caught in a power saw. He was given first aid in Truckee and then taken to a Reno hospital.

Among Sacramento visitors at Lake Tahoe over the holiday week-end were Mr. and Mrs. Zebler C. Pressey at Carnelian Bay, the Gerald R. Johnsons at Tahoe Pines, the H. K. Norcross family, and the following Tahoe Tavern guests, Mr. and Mrs. Chester Garmon, Mr. and Mrs. Roy Fisher, Mrs. Louis Green and Harry Miller.

Will Bliss of Glenbrook presented a year's subscription to the following magazines to the Tahoe City library: Life, Time, National Geographic and Magazine Digest in memory of his late father, William S. Bliss who also gave many books and magazines in former years.

## Tahoe Kwikies

The lake level on Monday stood at 6228.97 with 100 CSF of water leaving the dam gates. Little or no damage is being occasioned by the present outlet of water along the Truckee and fishing, too, should improve with the flow retarded.

On Monday Sheriff Charles Silva of Placer county telephoned Deputy Sheriff Charles Swanson that all guards at the Tahoe dam had been ordered discontinued. No explanation was offered. Mr. and Mrs. W. A. Simmonds and Bert Watson have been serving as guards.

Cecil Moore of Treasure Island enjoyed a brief respite from duties by spending Saturday with his wife, Mrs. Virginia Moore of the Tahoe telephone office, returning to work on Sunday morning.

Mrs. Violet Brodehl and two children have returned to their home after spending several weeks at the home of her parents, Mr. and Mrs. D. M. Brodehl.

Mrs. Northie Pomin on Saturday last suffered a painful injury to her leg and knee which necessitated medical attention for several days. She was reported improved at this writing.

Dr. William P. Burnham, 72, who passed away last week was a brother of Dr. Clark Burnham of the Truckee River. He was born in Folsom and practiced for 42 years in San Francisco before retiring four years ago. His wife, Loga and a daughter, Mrs. Ethel Smith, also survive.

A re-check on selective service registration figures at Tahoe City revealed that 59 and not 60 young men of the 18-20 class had registered in the fifth R-day.

The newest addition to Tahoe's Volunteer Fire Department, another truck to carry hose, ladders, etc., is being overhauled at Henry's Garage this week, where it will be stationed according to present plans. All equipment has arrived and the next step in the program is to whip the department into an efficient, speedy group that will be able to cope with any emergency which might arise.

Miss Helen Worden this week is reported rapidly recovering from the attack of bronchial pneumonia which has kept her in bed for some weeks now. She may, if her improvement continues as at present, return to Tahoe by the end of the week to recuperate further at the home of her parents, the Henry Wordens of Ward Creek Camp.

The Wm. Powell family have rented the Nina Rogers house in town and Mrs. Rogers has returned to San Francisco to be with her son, Gene, who may soon join the armed forces of the nation. The Powell family, which hails from Los Angeles, has three children, two boys and a girl and all are very much enjoying their new environment. Mr. Powell is a general contractor.

## Tahoe City Beauty Salon Is Now Open in King Bldg.

TAHOE CITY, July 9—Now open for the season is the Cecil Davis Beauty Salon in Tahoe City on the upper floor of the King Building. It is under the same management as last summer, with courteous service and all types of beauty work available, including marcelling, shampooing and finger waving.

# ORDER ACME by the glass SPLIT A QUART!

...bottle-caps rationed to help Uncle Sam to Victory!

**Give U. S. Two Caps out of Three**  
There's plenty of beer and bottles, but Uncle Sam needs metal for Victory... all brewers restricted to only a percentage of normal supply of bottle-caps. Buy a Quart and use one cap instead of three.

**IT'S PATRIOTIC:** When eating out order Acme by the glass; split a Quart with your companions or some other patron. Or enjoy Acme Beer on tap. Your beer seller has been rationed on bottle-sizes, so you help him, too, by "Sharing the Caps".

**IT'S ECONOMICAL, TOO!** You'll find that by purchasing Acme in the Full, 32-ounce Quarts you make a real saving! Buy War Stamps with the money you save!

**AND FOR HOME USE:** Buy a case of Acme Quarts. Fewer trips to the store and always plenty on hand.

Coca-Cola Bottling Co. of Truckee

### Tahoe Briefs • •

Mr. and Mrs. Ben Stanley returned on Monday from the Bay region where they enjoyed a three weeks' vacation.

Mr. and Mrs. Charles W. Merrill are occupying their lakeshore home near Tahoe City.

Mr. and Mrs. Arthur Brown, Jr., of San Francisco are at the Todd home near Tahoe Tavern.

Mrs. E. C. Rogers is in San Francisco and has rented her Tahoe home for a few weeks.

Mrs. John B. Metcalf gave a fine solid oak dining set of a large table and six chairs to the Community Center last week.

Miss Jean Chism of Reno was a house guest of Miss Kathleen Starratt's last week.

Mr. and Mrs. John W. Hamilton and son of Piedmont are "Agea", the home of Miss F. Ashe next to Merrill's for a few weeks.

Mrs. Owen Hotie and sons of Piedmont are guests at the home of Miss Helen Townes.

### BIG OAK TREE

Woodridge Metcalf, forestry specialist in the University of California Agricultural Extension Service, believes the state's largest coast live oak stands on property owned by W. S. Hanna four miles east of Gilroy in Santa Clara County. The tree is 38 feet in circumference at the ground, stands 88 feet high and has a crown spread of about 120 feet.

### PLACER COUNTY TAX VALUATION IS INCREASED

Placer county's assessed valuation for 1942 is set at \$37,291,980 by Wm. R. Stephens, county auditor. This is an increase of \$913,965 over the 1941 valuations of \$36,378,015.

### VOTER REGISTRATIONS IN PLACER COUNTY DECREASE

Registration of voters in Placer county has dropped 16.3 per cent while the population has decreased only 1.4 per cent in the same period. County Clerk Lillian Rechenmacher states. In November, 1940, there were 16,034 eligible voters as compared to 13,416 in June of 1942.

ONLY Six MORE DAYS TO REGISTER

For the Primary Election, August 25

Your registration was cancelled if at both the Primary and the General Elections in 1940 you failed to vote.

If you voted at either one of these elections in 1940, your registration remains in force unless you have since moved and have failed to re-register.

You can register if you are a citizen, 21 years of age; and if you have been a resident of the State for one year and of your county for 90 days prior to August 25.

Going into the 1942 season, Joe DiMaggio's lifetime batting average was .345. In six years he had driven in 816 runs, with 198 home runs... Until 1920 a rule existed which called a balk if the pitcher threw at an unoccupied base... Heavyweight Abe Simon's vaudeville asks \$1,500 per week for Abe's appearance... Dick Wakefield, the Detroit Tigers rookie now with Beaumont in the Texas league, has three homers, two doubles, 16 total bases, four runs scored and six runs batted in for a recent night game.

Baseball writers in Washington say that Stan Spence of the Senators is one of the year's great outfielders... Although Notre Dame used the "T" formation in its spring practice, Coach Frank Leahy denies he has scrapped the Rockne system... Big Ten football squads will be permitted to start their fall training earlier this year because of longer schedules which include service teams.

In a recent game against San Antonio, Tulsa put 18 men on base but only two of them scored... In the American league the visiting team gets 30 cents each for grandstand and pavilion spectators and 20 cents for each occupant of the bleachers. The home club keeps the balance except three for cents which goes to the league to pay salaries and expenses of scorers, umpires, etc.

The largest windmill ever built with a capacity of 40,000 gallons an hour, stands at the west end of San Francisco's Golden Gate Park.

### PROAMERICA BACKS WARREN FOR GOVERNOR

The state board of control of Pro America this week endorsed the candidacy of Attorney General Earl Warren for governor and Assemblyman Frederick F. Houser of Anaheim for lieutenant governor.

The endorsement followed speeches by Warren and Houser to 200 women present, during which Warren declared he hopes "that next year we can change the situation so the legislature will be treated as a coordinate branch of the government instead of the present practice of treating members as a group of children."

### Increasing Capacity of Statewide Bank to Spur More War Production

#### Bank of America Mid-year Statement Shows Progress

The statement of condition of Bank of America as of June 30, 1942, shows deposits at the all-time high mark of \$1,958,430,000, an increase of \$272,942,000 over a year ago and an increase of \$50,047,000 since December 31, 1941. Total resources were \$2,143,202,000, a gain of \$265,464,000 over a year ago.

#### LARGE LOAN VOLUME

Loans and discounts outstanding aggregated \$889,353,000 which is \$44,887,000 higher than a year ago. Since December 31, 1941, loans and discounts decreased \$25,216,000, while bond investments increased \$81,437,000.

Earnings after operating expenses and accruals for taxes were \$12,618,000. From this total \$2,135,000 was reserved for depreciation of bank premises and amortization of bond premiums and \$2,053,000 was set up in reserves and applied to the absorption of losses or the revaluation of assets. After payment of \$5,267,000 in dividends at the annual rate of \$2.40 per share on the common stock and \$2.00 per share on the preferred stock, and after profit-sharing bonus to employees, capital funds were increased from earnings for the six months' period by \$3,119,000. This, with the dividend, is equal to approximately \$4.00 per share per annum on the common stock.

#### WAR RESERVES

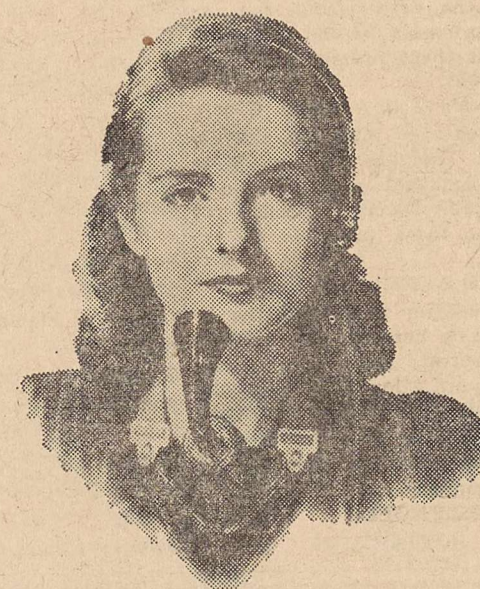

Following the policy previously established, one-half of the net increase in undivided profits was transferred to the war contingencies reserve. Capital funds, including reserves, now total \$158,767,000, which is an increase of \$2,024,000 for the year, after the utilization of \$3,882,450 to retire 77,649 shares of preferred stock during the period, and after applying \$842,000 of an unallocated reserve, previously set up for the purpose, to reduce the book value of certain banking premises, in addition to normal depreciation.

#### WAR PRODUCTION

President L. M. Giannini stated that the curtailed demand for ordinary civilian credit had made more funds available to finance war production. "We are continuing to carry forward our policy of unstinted support to America's victory program," he said.

RESOURCES . . . \$2,143,202,000.43  
DEPOSITS . . . \$1,958,430,526.32  
CAPITAL FUNDS . . . \$158,767,671.61  
(As of June 30, 1942)

Bank of America N. T. & S. A., a member of the Federal Deposit Insurance Corporation, has 495 branches united for strength and service.

### IN THE FRONT LINE

She doesn't wear a uniform. But she is in the thick of war activity.

Among the hundreds of calls she handles, many are vital to the movements of fighting forces, to the speed-up of production. Many are vital to the maintenance of business, of home morale, of family ties. Some are critically important to civilian defense.

Doing her part of the telephone job better than ever before is her way of fighting in the FRONT LINE for Democracy.

State of California Department of Public Works Division of Highways

### NOTICE TO CONTRACTORS

Sealed bids will be received at the office of the State Highway Engineer, Room 373, Public Works Building, Sacramento, California until two o'clock p.m. on July 15, 1942, at which time they will be publicly opened and read in the Assembly Room of said building, for construction in accordance with the specifications therefor, to which special reference is made of portions of the State Highway as follows:

Nevada and Sierra Counties, between Farad and Nevada State Line (III-Nev. 38-B, A), about three (3.0) miles in length to be graded and surfaced with crusher run base and plant-mixed surfacing.

THIS IS A NATIONAL DEFENSE CONTRACT UNDER DEFENSE HIGHWAY ACT OF 1941

PRIORITY NOTICE. — Office of Production Management, Division of Priorities, Administrative Order No. 12, transmitted by letter dated January 7, 1942, indicates that a Priority Preference Rating of A-4 will be assigned to this project to obtain materials and equipment required for the completion thereof.

Bidders are informed in advance that recent rulings of the War Production Board subsequent to the above Administrative Order, prohibit the extension of the preference rating for this project to the purchase of equipment but permit the purchase of repair parts for equipment when such repair parts cannot be obtained under Preference Rating Order, No. P-100.

Before submitting bids on this project, Contractors are required either to own or to have access to sufficient equipment to complete the project.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done as follows:

Classification	Skilled Labor	Rate per Hour
Asphalt mechanical finisher operator		\$1.50
Asphalt plant mixer operator		1.25
Carpenter		1.375
Concrete mixer operator (except paving)		1.23
Mason		1.75
Mechanic (trouble shooter)		1.50
Motor grader operator		1.625
Operator of power shovel or other excavating equipment, shovel type controls (up to and including one cubic yard)		1.60
Operator of power shovel or other excavating equipment, shovel type controls (over one cubic yard)		1.75
Powderman		1.0625
Roller operator		1.50
Tractor driver		1.50
Truck driver (18 cubic yards water level capacity or more)		1.4375
Truck driver (14 cubic yards and less than 18 cubic yards water level capacity)		1.3125
Truck driver (8 cubic yards and less than 14 cubic yards water level capacity)		1.27
Truck driver (4 cubic yards and less than 8 cubic yards water level capacity)		1.0625
Intermediate Grade Labor		
Asphalt plant dryerman or fireman		1.20
Concrete vibrator operator		1.00
Jackhammer operator		1.00
Oil distributor bootman		1.00
Oil power shovels or cranes		1.10
Truck driver (less than 4 cubic yards water level capacity)		0.90
Unskilled Labor		
Flagmen		0.875
Laborer		0.875
Teamster		0.875

Positions not listed above will be allocated in accordance with the definitions which appear in the special provisions, as interpreted in the light of this classification.

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than \$1.00 per hour.

The minimum rate to all intermediate labor, for which rates are not shown above, shall not less than 90 cents per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall not be less than 87½ cents per hour.

Overtime—one and one-half (1½) times the above rates.

Sunday and holidays (except watchmen, guards and flagmen)—one and one-half (1½) times the above rates.

In accordance with the provisions of Section 1777.5 of the Labor Code, as amended by Chapter 971, Statutes of 1939, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

In accordance with the provisions of the State Contract Act, prospective bidders must file with the Department of Public Works answers to questions contained in standard form of questionnaire and financial statement including a complete statement of their financial ability and experience in performing public works. Standard forms of such questionnaire and financial statement can be obtained from the State Highway Engineer at office Public Works Building, Sacramento. The Department of Public Works will not furnish proposal forms to prospective bidders who have not submitted such questionnaire and financial statement for prequalification at least five days prior to the date fixed for publicly opening sealed bids and been prequalified for a least one day prior to said date.

No bid will be accepted from a Contractor who is not licensed in accordance with the law, under the provisions of Chapter 791, Statutes of 1929, as amended, or Chapter 37, Statutes of 1939, as amended, or to whom a proposal form has not been issued by the Department of Public Works.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all applicable Federal statutes, rules and regulations will apply to such work.

The attention of bidders is particularly directed to the provision of Section 7, article (a), subsection (6), of the Standard Specifications regarding the use of domestic materials; and also to the provisions of Section 8, article (a) and (b), of the Standard Specifications, regarding subcontracting and assignment of the contract respectively.

Plans may be seen, and forms of proposal, bonds, contract and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated and at the office of the Associated General Contractors in San Francisco. The District Engineers' office are located at Eureka, Redding, Marysville, San Francisco, San Luis Obispo, Fresno, Los Angeles, Mar. Bernardino, Bishop, Stockton and San Diego.

A representative from the district office will be available to accompany prospective bidders for an inspection of the work herein contemplated, and Contractors are urged to investigate the location, character, and quantity of work to be done, with a representative of the Division of Highways. It is requested that arrangements for joint field inspection be made as far in advance as possible.

No bid will be received unless it is made on a blank form furnished by the State Highway Engineer. The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS  
Dated June 26, 1942 C. H. PURCELL, State Highway Engineer.

## ONLY ONE STOP

It's The Law!

to save precious rubber for the war effort, the director of Defense Transportation issued a general order to service industries which says:

- 1.—We cannot make more than one stop at each customer's residence in any one day. This means to pick up your laundry, your bundle must be ready and available when we call. To deliver your laundry, we must make collections at the time of delivery. If these rules are not complied with, we must postpone delivery or pickup until the next day.
- 2.—We cannot give any special delivery service. This means any requests, other than our regular delivery service, cannot be granted.
- 3.—We must reduce our truck mileage 25 per cent each month below what it was the same month last year. This means we must re-schedule our delivery service in each territory.

This is a government order, we must comply with it

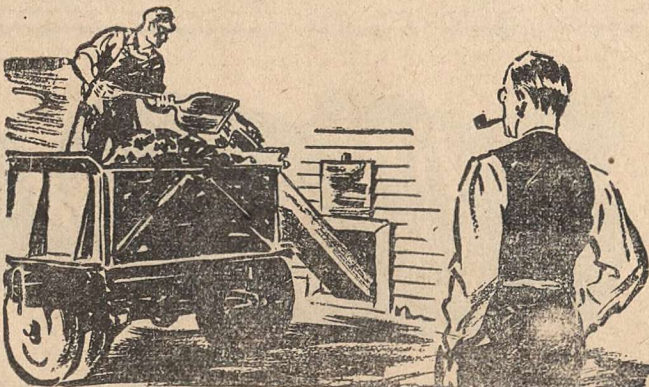

The inconvenience caused by this order will mean a sacrifice to both of us. But we feel that it is a small sacrifice, because it will enable us continue to serve you and at the same time help our nation in its effort to win the war.

Inyo County Lumber Man  
Seeks Post In Congress  
From 2nd California Dist.

R. R. HENDERSON

R. R. Henderson, building materials dealers of Lone Pine, announces elsewhere in this issue his candidacy for Congressman subject to the will of both the Republican and Democratic voters of the Second District.

Operating a successful business in Lone Pine for 15 years, Henderson states that in time like these when others are sacrificing their jobs, their professions and their businesses, he feels that it is up to him to forget his.

He has also served several years in editing weekly newspapers, and has been a railroad man for four years. Henderson is married and the father of three sons.

As a businessman, Henderson is for simplification in government as in business. The elimination of the overlapping and confusing multiplicity of governmental bureaucracies is essential to winning the war.

He further believes that since the American people have displayed their eagerness to save and skimp to pay the gigantic cost of war, that it is the duty of Congress to discontinue spending as usual for non-war purposes. Henderson asserts that the present Congress voted a net increase over the previous year of more than a billion dollars for ordinary non-war agencies.

He is against the revocation of the second-class mailing regulations now or at any future time. After 63 years of this type of postal service and its tremendous contribution in making the American people the most educated and enlightened in the world, he considers it smacks of vindictiveness on the part of Congressional members to propose to revoke it because of a somewhat unfavorable press and for the further reason that it is another step in an indirect manner that will effect the "Freedom of the Press."

"If the voters of California District No. 2," Henderson says, "want a member of Congress that will lead instead of follow, that will be guided by his own best judgment and conscience instead of by the demand of vocal minorities, I will welcome the opportunity to serve them."

"The formula for obtaining a better Congress is simple, if not easy to accomplish; elect better Congressmen. The Congressman to be elected from this district must not only play a major part in winning the war but may also be among those who will be called to help to shape the peace, so all important to the prosperity of our country."

#### CARD OF THANKS

We wish to take this means of expressing our sincere thanks to our many friends who have been so kind in deed and word since the death of our beloved wife and mother.

EARL JOHNSON and Children.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

#### What You Buy With WAR BONDS

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

We need many of these powerful, fast little boats to cope with the treacherous submarine type of naval warfare fostered by our enemies. Everybody can help pay for more Sub Chasers by putting at least ten percent of his income into War Bonds. Buy Bonds or Stamps every pay day. Buy them from your bank, your post office, or from your office or factory through the Payroll Savings Plan.

Miss Juen Vojveda of Sebastopol is here to spend some time with Mr. and Mrs. A. Filipic. Miss Vojveda was a local visitor last summer and is well known in the younger set in Truckee.

## North Tahoe News . . .

by MADELINE GALLERANI  
George Elyson was up over the weekend from Mare Island to visit with Mrs. Elyson.

J. R. Pruett of Hollister is visiting at Kings Beach.

Mr. and Mrs. G. Simi are at their "Casa De Simi" at Brockway.

Sherman Hall is now employed by the Southern Pacific in Truckee.

Dr. Louis S. Constone is at his home in Brockway after spending a few weeks in San Francisco.

Mr. and Mrs. M. T. Benning, Sr. and Mr. and Mrs. M. T. Benning, Jr., and their infant son are at their home in Kings Beach and intend spending a few weeks here.

The Benning family reside in Sacramento.

Mr. and Mrs. George C. Bates of Reno spent the week-end at Sand's Beach.

Hollie Rofsiter of Vallejo is visiting with Mrs. Elyson of Kings Beach.

Lawrence "Sparky" Young is now residing at the Riolo Club.

Mr. and Mrs. Bud Mandeville and two young sons came up from Luning, Nev., to spend the week-end at their Kings Beach home.

Pvt. Carl Brooks is on 7-day furlough and visiting with lake region friends.

Mrs. Fred Powers, who suffered serious injuries to her right hand in a freak accident on May 21 and spent several weeks in an Auburn hospital, is now at home and reported doing nicely.

Borue O'Brian spent the week-end visiting with his family at Kings Beach. O'Brian is employed at one of the shipyards in Oakland.

Mr. and Mrs. Tom McCarthy of Kings Beach and now residing in Reno came up to spend the holidays visiting with friends.

Al Welba, formerly employed as a mechanic in Earl Nelson's Garage in Kings Beach is now doing defense work in Richmond. Welba spent the holidays here.

Gene Anderson, now residing in Oakland, visited the Earl Nelsons for a few days.

Creewood Studios Jr., under the management of Cornelia Williams of Reno, is opened for the season.

Lakepoint Bungalows are reported filled to capacity.

Mr. and Mrs. Roland E. Smith motored to Reno on a shopping tour.

The North Tahoe unit of the American Red Cross have completed everything on hand and have sent to Auburn and are now waiting for new material to work on. The members are having a perpetual rummage sale throughout the summer to be held at their headquarters, the Ardy Sorenson home in Tahoe Vista.

Donations will be gratefully received. Among those attending the last meeting were Mesdames Carl Sorenson, Andy Sorenson, Fred Barton, Nels Rafdal, Gilbert Ballard, Ike Miles, Claire Walters, Herbert King, Earl Nelson, Bud English and Lydia Roundtree.

Lieut. Dante Lembi of the intelligence service was a recent speaker at the Christian Endeavor meeting held at the D. C. Barnett home in Kings Beach. Lieut. Lembi's talks were about the eligibility of position in the Navy and he answered many questions the boys had to ask. He and Mrs. Lembi spent the week visiting in Kings Beach.

Fifty boys of the Lakewood Camp at Brockway along with 20 regular members attended the last Christian Endeavor meeting on Thursday. Gordon Nelson was a special guest. A weiner roast was held in the evening at the barbecue pit at the D. C. Barnett home. Everyone reported a nice time.

Former Agent Visits—

Walter Enright of Auburn, who was a former S. P. agent here, spent the Fourth in Truckee.

The Editor

Sierra Sun, Truckee Calif.

Dear Sir:

I have been receiving the Sierra Sun for about six weeks now and I want to express my sincere thanks and appreciation to you for making it possible.

I understand Mr. Heller of Meeks Bay gave my name and address to you and he also stated that you policy is to send the paper to the boys in service from Truckee and vicinity free of charge. I am sure they'll appreciate it as much as I do.

News from home is the most welcome subject to all of us, especially in these times.

Being away from Lake Tahoe only makes you realize what a really wonderful place home is.

It helps us to remember what a great country we are fighting for.

Very truly yours,

PVT. FRED L. KEHLET.

Cozzallo Clan Gathers—

Dr. and Mrs. A. Cozzallo and family of Reno are visiting Mr. and Mrs. E. A. Titus. Mr. and Mrs. Arthur Cozzallo and daughter of San Francisco are guests at the home of Mrs. V. Cozzallo and so is Dr. C. C. Cozzallo. The three brothers and their families will spend a two-weeks' vacation here.

Former Residents Here—

Mr. and Mrs. John Moody, daughter and grand daughter of Quincy were visitors here over the Fourth. The Moodys were former Truckee residents.

Ill at Home in Truckee—

Mrs. H. S. Eaton is ill at her home here. Mr. and Mrs. Hilton Eaton of Sparks and Harry Eaton of Roseville have been here for a few days.

Vacation at Santa Cruz—

Mrs. Chester Matson and children are vacationing at Santa Cruz. Little Catherine Ann Matson celebrated her fifth birthday on Tuesday, July 7 while at the beach resort.

Visit Joseph Twins—

Carol Glazier of Napa is visiting the Misses Yvonne and Azad Joseph.

Bowers Visit—

Mr. and Mrs. C. J. Bowers and daughter, former local residents now of Sacramento, visited here over the weekend with Mr. and Mrs. Robert Bowers.

#### With Oil Company—

Bert Weeden is getting Associated these days, having accepted a position with the Associated Oil Company during the summer months.

#### Visit Smith Home—

Miss Marcella Pitts of Winnemucca is visiting with Gertrude Smith at the Earl Smith home here.

#### Here on Holiday—

Mr. and Mrs. W. F. Wilkie, Jr. were here over the 4th of July holiday. Mrs. Wilkie, Sr., accompanied them back to San Francisco.

#### Here With Sister—

Mrs. Hugh Montgomery of Reno visited her sister, Mrs. Elizabeth McKay on Monday.

#### Visit in Roseville—

Mrs. E. J. Campbell, Wm. Campbell, Sr., Wm., Jr., and Robert visited friends in Roseville this week.

#### Come from Lincoln—
